**Place:** Chennai, India

## PROFESSIONAL SUMMARY

Enthusiastic graduate seeking to start a career as an entry-level software engineer which will allow me to grow professionally, while effectively utilizing my versatile skill to help promote your corporate mission and exceed team goals.

## SKILLS

- HTML
- CSS Bootstrap
- Java script
- Java
- SQL
- Communication
- Problem solving
- Technical expertise

## PROFESSIONAL SKILLS

### Web Development:

- Proficient in HTML5, CSS3, for building and styling responsive web pages.
- Web site using HTML, CSS:

### Programming languages:

- Built over 3 website interferences with HTML and CSS.
- Applied knowledge of programming to create successful designs.

### ServiceNow:

- Client Script, Business Rule, Script Include, Flow Design,
- Access Control List, Incident Management, Problem Management,
- Change Management, Service Catalog, Import Data, Scripted Rest API,
- Rest Messages, Service Level Management, Service Level Agreement,
- Record Producer, UI Policy, UI Action, Notification, Update Set.

## PROJECT

- Utilized machine learning algorithms to address key challenges faced by farmers, including crop selection, investment planning, and harvest forecasting. These advanced techniques aid in optimizing decision-making processes for planting strategies and investment allocation.
- So, to overcome farmer challenges this machine learning algorithms have been used such as Decision Tree, Naive Bayes, and AdaBoost
- **Role:** Frontend Developer (HTML, CSS, JavaScript)  
Technologies Used: HTML5, CSS3, JavaScript, Bootstrap, Developed the frontend of a crop prediction web application, focusing on creating an intuitive and responsive user interface. Utilized HTML5 and CSS3 to build a clean, modern, and mobile-friendly layout. Applied JavaScript to create interactive elements and dynamic content, enhancing the user experience. Worked with a team to integrate the frontend with the machine learning model for real-time crop predictions based on weather and soil data.

## EDUCATION

1. B.S. Abdur Rahman Crescent Institute of Science of Technology  
B. Tech, Information technology,  
Percentage:70%
2. Shrishti school  
Class 12,  
Percentage:55%
3. ST. Joseph school  
Class10,  
Percentage:84%

## CERTIFICATION

- WEB DEVELOPMENT COURSES, HTML, CSS, Jscript, React JS.
- Java full stack development

## LANGUAGES

**English:** Proficient

**Urdu:** Native

**Tamil:** Proficient

**Hindi:** Proficient
